

Dear Madam/Sir,

On the 24th of March the Climate & Oceans March will take place in Singapore. With this letter, it is our pleasure to invite you and your organisation to take part in this event.

With this manifestation we make a broad, growing and dynamic movement visible in the Singapore. The people of Singapore have always taken up large challenges and worked together. We have always cared for each other and our environment in ensuring the progress of this garden city. Therefore: from the left to the right, from the young to the old, from civil society to business: together we make Singapore the frontrunner in the transition to a climate friendly economy and society.

We find ourselves at a crossroads in the Singapore. Either we choose for *real* ambition, or we choose for delay, which will put a huge burden onto next generations. With the Climate & Oceans March we will deliver a clear message to the current cabinet: “Get to work! Give your full support to citizens and companies who want to produce clean energy, and make our economy futureproof. Make *real* solutions possible.”

A broad group of active citizens and volunteers from all over the country is organising the event. Various civil society organisations and universities support them, including WWF Singapore, Sea Shepherd Singapore, 350.org, Singapore Youth for Climate Action and others.

We hope to be able to count on your support and presence. Let us emphasise that the more backgrounds we can bring together, the stronger our position will be. As an organisation, you can participate in multiple ways:

- Endorse communication output about the event with your name and logo.
- Involve your network through e.g. newsletters, social media, email, and your website.
- Participate visibly on the 24th of March as a social initiative, company or organisation. You can also join in on broader groups such as sustainable business, faith communities and youth groups.
- Join the organising team. You could be of tremendous help with your manpower.
- Financial support. Sponsor resources used as part of the event.

Practical Information (subject to change)

Date and time: 24 March 2018, between 13:00 to 18:00

Location: Starting point at Nicoll Highway MRT Station, 20 Republic Ave, Singapore 038970
